Choose The Right
DIRECTION

Drug Intervention and Education (D.I.E.)

The D.I.E. course consists of 4 sections that educate the client on the effects of addiction on the body and mind.

The course is completed via an online presentation and test which consists of 50 total questions related to the physical and mental effects of drug use and addiction.

Students register through the link below and receive a certificate of completion if they successfully complete the class.

Once started, each student has three chances to complete the class with a minimum score of 85%.
